

# Public Consultation of the draft Action Plan of the UAEU Thematic Partnership on Greening Cities

Fields marked with \* are mandatory.

## Introduction to the Survey

---

The Thematic Partnership on Greening Cities, in cooperation with EUI, has launched a public consultation to collect feedback on their **draft Action Plan**.

The **draft Action Plan** was finalised in April 2024 and consists of 5 Actions. Through the Public Consultation you are invited to provide your views on the overall **draft Action Plan** and its specific draft Actions presented by the Partnership. Your feedback is valuable and will be used by the Partnership to improve and prepare the **final Action Plan**. The Public Consultation is open to anyone who wishes to share their thoughts. All interested stakeholders (e.g. institutions and authorities, academies and research centres, companies, NGOs, experts and citizens etc.) are invited to contribute by sharing their knowledge and ideas for further development and improvement of the Actions proposed by the Partnership.

**The survey will be closed on 11th of July 2024.**

All feedback received will be analysed by the Greening Cities Partnership members in the process of finalising their **Action Plan** by autumn 2024.

When answering the questions, please consider that the Actions proposed are intended to be implemented by the members of the Partnership on a voluntary basis by the end of 2025.
